

### **Imperial SSAGO Club Report - Summer Term**

The highlight (and only event so far) of this term was when Imperial SSAGO attended Critical Mass. Critical Mass is when a lot of cyclists happen to be in the same place at the same time and decide to cycle the same way together for a while on the last Friday of every month. Some see it as a celebration of alternatives to cars, pollution and accidents. Each one is different and there is no set route, the direction is spontaneously chosen as people cycle along. Anyone is free to join or leave as it goes along. It usually lasts a few hours and ends in a conveniently placed pub. The mass also welcomes skateboards, roller blades, wheelchairs, pogo sticks and any other non-motorised non-polluting form of transport and is highly recommended for any clubs located in London.

Imperial SSAGO will also attend a Gold DofE hike in July organised together with BXM Expeditions to allow those interested to complete the expedition section of their Gold DofE. All other meetings this term have involved handover for next years committee, organising storage and applying for bursaries for a tent.
