

## Southampton Student Scout and Guide Organisation's Club Report- Summer 2014

Southampton SSAGO have continued to be active this summer term. New ideas have been brought forward with the new committee to ensure Southampton SSAGO continues on for many more years to come. We now have over 50 members and are looking to increase that with the upcoming fresher's events.

This summer, our socials consist of a pub crawl, crate stacking, BBQ and revision in the park, film and games nights, and afternoon walk and Summer Camp. Turnout to the events so far have been really good. Our summer socials are generally designed as short, enjoyable events that are a nice break from revision and this has worked really well this year

We are fully booked for our upcoming Summer Camp in Butcher's Coppice Activity Centre in Bournemouth. We will be having 6 days of events including Abseiling, Coastal Walk, a Treasure hunt, Campfire Activities, Visit to the Sealife centre, Pub Meal as well as a meet up with Manchester SSAGO.

Our current Scout and Guide Liaisons are meeting up with Southampton District Commissioners about setting up a Gang show around November time. This will be a great chance for Southampton SSAGO to become more involved in the Southampton area and do more for the surrounding community. This in turn should enable us to create better links with Local Guides and Scouts and become more widely known.

Our main aim for the coming year is to recruit lots of new Freshers so we can set up a new committee for an international trip in 2015 alongside our current Ball committee which have been busy setting up the foundations of what looks to be a very exciting Ball next year.
